SUMMARY

Final-year undergraduate student with a strong interest in software development and problem-solving. Skilled in Java and actively building a solid foundation in data structures and programming concepts. Quick learner with a practical approach to coding, seeking an entry-level role to grow and contribute in a real-world software environment.

EDUCATION

B.Tech Artificial Intelligence And Data Science Rathinam Technical Campus 6.90 CGPA	11/2022 – Present Coimbatore
HSC (CS-Maths) Velumanickam Matriculation Higher Secondary School. Percentage : 75 %	06/2020 – 05/2022 Ramanathapuram
SSLC Vivekananda Matriculation Higher Secondary School. percentage : 63 %	06/2019 – 04/2020 Kodaikanal

TECHNICAL SKILLS

Programming Languages: Java | Python | SQL
Libraries/Frameworks: OpenCV, MediaPipe, PyTorch
Databases & Tools: MySQL , Git/GitHub

PROJECTS

Real-Time Hand Gesture Recognition System using AI
Python | PyTorch | MediaPipe | OpenCV | Computer Vision | Deep Learning

- **System Overview:** Built an end-to-end computer vision pipeline using MediaPipe and PyTorch that processes live webcam feeds to detect and classify hand gestures in real time.
- **Performance & Speed:** Optimized model architecture to achieve an execution **accuracy rate of 95%** while reducing frame processing latency to under **30ms**, ensuring seamless low-latency performance.
- **Data Processing:** Utilized OpenCV for dynamic video preprocessing, enhancing overall gesture detection consistency by **15%** across diverse lighting conditions.

INTERNSHIP

Data Science Intern | Appin Technology (Sep 2023 – Oct 2023) · Performed data preprocessing, EDA, and data visualization using Python. Worked with Pandas, NumPy, and Scikit-learn for data analysis. Gained exposure to machine learning workflows and real-world datasets.
Skills: Python, Pandas, NumPy, Scikit-learn, EDA

CERTIFICATES

CNN for Computer Vision – Deep Learning Lecture Series | Cursa | 2026

INTERESTS

Exploring New Technologies | Machine learning | Problem Solving | Coding Practice | Software Development

SOFT SKILLS & HOBBIES

- Problem Solving
- Quick Learning
- Communication
- Team Collaboration
- Adaptability
