SUMMARY

Computer Science Engineering student specializing in Full Stack Development, DevOps, and Cloud Computing. Hands-on experience in building web applications and implementing CI/CD pipelines using Docker and Jenkins. Strong foundation in programming, problem-solving, and software development lifecycle. Seeking opportunities to contribute to scalable and efficient software solutions

INTERNSHIP

Full Stack Development Intern

01/2025 – 03/2025 | Coimbatore, India

Adventure Technology Solutions Pvt

- Assisted in developing web application modules using frontend and backend technologies
- Supported database operations and basic API integration for application features
- Performed testing of application functionality and resolved minor bugs during development
- Collaborated with the team to understand development workflow and deployment process

EDUCATION

Bachelor of Engineering in Computer Science

09/2023 – Present | Coimbatore

RATHINAM TECHNICAL CAMPUS - 78%

HSC

06/2022 – 04/2023 | Dindigul

ST.Joseph Girls Higher Secondary School - 84%

SSLC

06/2020 – 04/2021 | Dindigul

ST.Joseph Girls Higher Secondary School - 100%

SKILLS

Programming Languages: Java , Python , C

Web Development: HTML , CSS , JavaScript

DevOps: Docker , Jenkins

Cloud: AWS

Tools: Git , GitHub

CS Fundamentals: Data Structures & Algorithms , OOPs , DBMS

Soft Skills: Problem Solving , Quick Learner , Communication , Leadership , Time Management

PROJECTS

Resume Analyzer Web Application with DevOps CI/CD Integration

- Developed a web application that analyzes resumes and provides skill-based feedback using keyword matching.
- Built frontend using HTML, CSS, and JavaScript with backend integration for resume processing.
- Implemented CI/CD pipeline using Jenkins and containerized the application using Docker.
- Managed source code with GitHub and automated build/deployment workflow through Jenkins.

INTERESTS

Cloud Computing | Web Development | UI/UX Design

PROFESSIONAL CERTIFICATIONS

AWS Certified Cloud Practitioner – Amazon Web Services
